

FINANCIAL ASSISTANCE FOR DELEGATES

A portion of the conference funds will be made available as bursaries to delegates requiring financial assistance for their participation in the conference. To be considered for financial assistance all applicants must be intending to contribute to the conference by making a technical presentation. The bursaries awarded could include a portion of the travel and accommodation costs and/or registration fees. Field trip costs are NOT eligible for financial assistance.

All applicants for financial assistance must register and pay the Short abstract Submission Fee 3000 INR (50 €).

As funds for bursaries are limited, preference in awarding bursaries will be given to students or younger scientists who do not have access to adequate supporting funds.

Requests for financial assistance must include the preliminary short abstract, a request for either an oral or poster presentation.

The 10IKC financial assistance form can be obtained from the Conference Secretariat or by downloading the form directly from the downloads page of this web.

Requests for financial assistance must be submitted to the Conference Secretariat before 1st May, 2011.

N.B. In awarding financial assistance to a delegate the 10IKC Organising Committee assumes NO liability for any other expenses incurred by the delegate related to his/her participation in, or travel to, the Conference.

Please download an application form [here](#).
