

Final Short Abstract Submission

1st July 2011

Start of interactive receipt of final short abstracts.

1st October 2011

Close of interactive receipt of final short abstracts.

Interactive submission of Final Short Abstract begins on 1st July 2011 and closes on 1st October 2011. These abstracts will be printed in the 10IKC Program as Abstract Volume and distributed to each delegate. Prepare your abstract as an MS Word (DOC) and submit as PDF using the same guidelines as for the Preliminary Short Abstracts. A MS Word template can be downloaded from the web download section. The body of your abstract must not exceed 500 words, and no figures are permitted.

Submission of Final Short Abstracts via the 10IKC website will permit final changes to be made to the **Title and Listed Author**, but **not** to the Corresponding Author or the Presenting Author. Minor modifications such as typos or grammar are allowed; however changes to scientific content are not permitted. Your assigned 10IKC abstract ID number will be required during submission, which takes the form of an email attachment submitted via the website.

To Submit Final Short Abstract in the online page, please enter your assigned Abstract ID Number and the Presenter's Last Name. Then press **SUBMIT**.

Please Note the following:

- This form to be used with **ACCEPTED** abstracts only
- **LONG ABSTRACT** must be submitted with Final Short Abstract.
- If no long abstract is received the presentation will **NOT** be included in the final programme. The abstract submission fee will **NOT** be refunded.
